

Button Rock Preserve Management Plan

Regional Forestry Collaboration &
Stewardship

February 13, 2020

MANAGEMENT PLANNING AREA

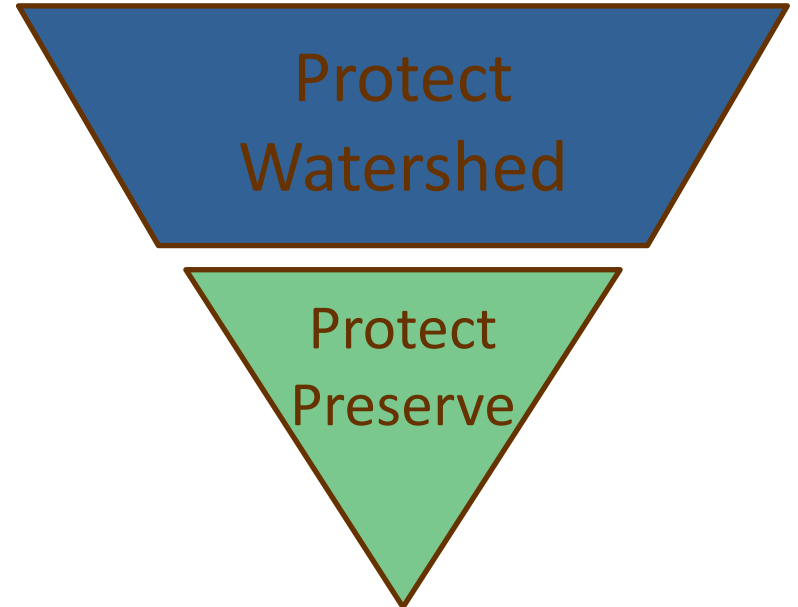

D. C. Levine
January, 2019

MANAGEMENT PLAN GOALS

- Promote a healthy local watershed and protect the municipal drinking water supply
- Protect natural and cultural resources at the Preserve

THE FOREST HEALTH CONNECTION

- Forest Stewardship Plan Update (2017), high-level planning guidance
- Treating 20-60 acres in most years since 2010
 - Planning to treat 40 acres in 2020 (CSFS State Fire Asst. Grant)
- Majority public opinion is supportive

The plan may recommend treating more acres collaboratively and building in adaptive management and monitoring...
