

- Feel free to use this brainstorming worksheet to organize your thoughts about the parts of a healthy forest.
- You might also choose to reference The Watershed Center’s Desired Future Conditions [documentation](#) and the Nature Conservancy’s [visuals](#).

A healthy forest...			
...has trees of different <ul style="list-style-type: none"> • ages • sizes • and species. 	...has openings (like meadows) with stable soil.	...has animals and wildlife.	<i>Can you think of others?</i>
